

YOUR ONE STOP FOR INTEGRITY SUPPLIES, SERVICES & PRODUCTS YOU TRUST

ABRASIVE BLASTING

PSS Industrial Group has the ability to manufacture spray and blast equipment according to the coating specifications. Whether for above or below ground coating applications, we are distributors for a large array of coating and blast media manufacturers. We also offer blast, coating and equipment training from the experts.

PAINT SPRAY SYSTEMS

We offer the highest-quality, top performance equipment for jobs of any size. From entry level equipment for small projects, to heavy-duty paint sprayers for large commercial applications, we have the highest quality and best performance equipment and supplies in the industry.

PIPELINE COATINGS

Through our partnerships and distributorships, PSS Industrial Group is able to provide bundle solutions for your coating needs. Whether you are coating new piping or maintaining old projects, we can create a solution for all your needs including liquid coatings, petrolatum tapes, bitumen and butyl tapes, tank coatings and mastic coatings.

LIFTING & RIGGING

PSS Industrial Group has all of your lifting and rigging equipment needs, from rigging hardware to lifting slings and everything in between. We are your one stop shop for the most trusted manufacturers in the industry. Allow us to help you lift heavier and span wider with the best quality products in the market.

YOUR ONE STOP FOR INTEGRITY SUPPLIES, SERVICES & PRODUCTS YOU TRUST

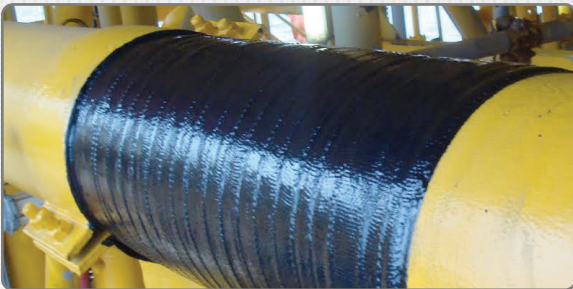

SAFETY & PPE

Safety supplies and protective equipment keep work sites secure and help companies ensure compliance with safety regulations. PSS Industrial Group offers a full inventory of protective clothing, helmets, goggles, and other safety gear to help guard employees from injury or infection. We also offer fall-protection gear, gas detector calibration service and repair, fire-resistant clothing and a variety of safety rentals.

ENVIRONMENTAL & EROSION CONTROL

PSS Industrial Group offers an extensive inventory of erosion control products. Working hand in hand with numerous manufacturers, we are able to provide you the solution for any erosion control problem you are facing. We keep up with the latest products and works to keep the correct material that is specified and approved in each region. Trust our team for your erosion control blanket, silt fence, filter sock and seeding needs.

COMPOSITES

Composite repairs versus clamps, pipe replace and weld sleeves:

- External application without shutdown
- No welding or hot work permits required
- Requires less time to install
- Less heavy equipment
- Overall lower cost (material, labor, safety, equipment logistics)
- Quality training / installation
- Immediate response

HOLIDAY DETECTION EQUIPMENT

For over 65 years SPY® has been an industry leader in pipeline inspection and holiday detection. Offering a full line of portable and permanent holiday detection devices for pipes, tanks and any surface that is coated or contoured in the field or within a manufacturing facility.
